France

Dear Eric,

Thank you for running the wireless hotspot for Intel at the Gartner System Builder Summit in Monaco, which with 160 subscribers was a great addition to our show presence.

You and your team did an excellent job in effecting a painless network installation, running a trouble-free network and efficient client card loan and IP address allocation. Once again thank you for all your hard work and we look forward to working with you again.

Yours sincerely,

Trish Thomson
Director, Western and Southern Europe Region
